Under *current law*, a timber sale that has an estimated value of \$3,000 or more from a state forest, school forest or forest under the jurisdiction of a city, village, town or school district must be publicly announced in a classified advertisement in a newspaper in the county where the timber is located.

Assembly Bill 787 changes this to require instead that the sale be publicly announced in a display advertisement that is at least two columns wide.

Assembly Amendment 1 to Assembly Bill 787 establishes that the sale may be publicly announced in either a classified or display advertisement and deletes the two column width size requirement for the display advertisement option.

On February 13, 2002, the Assembly Committee on Rural Affairs and Forestry recommended adoption of Assembly Amendment 1 and passage of the bill, as amended, by votes of Ayes 8; Noes 0.
